

Fastmarkets Dashboard Release Notes

14th January 2023

What's New?

New Features

This release of the Fastmarkets Dashboard includes new functionality and features including:

- New – extension of forward curves for LME futures in the Dashboard.
- Permissions – as of the 16th January 2023 there will be a change to permissioning of 3 future contracts from NYMEX to COMEX. This is an exchange led change. As a result the symbols of affected contracts will change.

Extended forward curves for LME futures

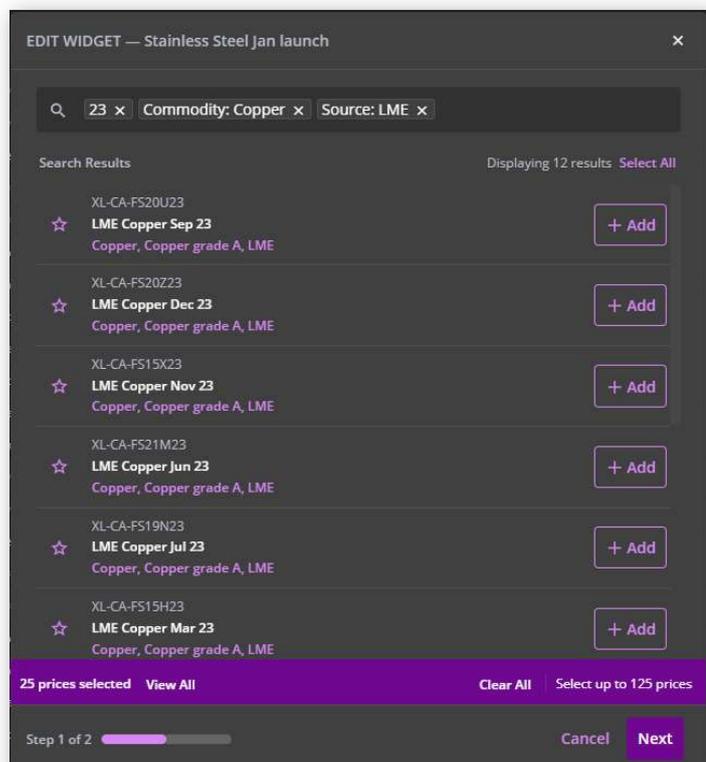

This release will extend the forward curve contract months for all LME futures published on the Dashboard. This covers non-ferrous, ferrous and EV futures.

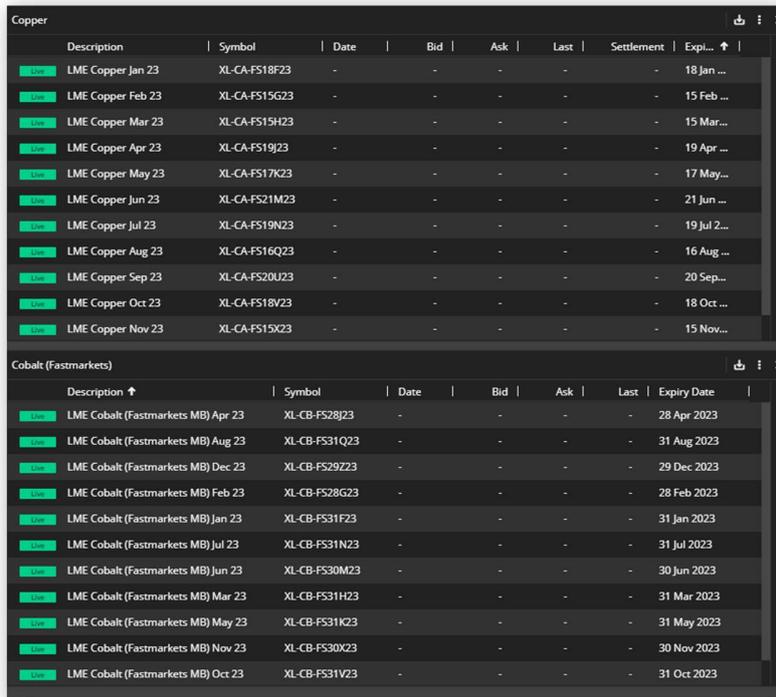

To access LME futures in a Multi Price Table, click Edit Widget, search by source, commodity and year. For example, to search for LME Copper 2023 contracts use the following search criteria & filters:

Type “LME”, select filter - Source: LME

Type the “Copper”, select filter – Commodity: Copper

Type ‘23’ then press enter

LME Cobalt (Fastmarkets MB) Oct 23	XL-CB-FS31V23	-	-	-	-	31 Oct 2023

Click Add to add each contract month for the year 2023.

You can add the Expiry field from the Settings panel to the Multi Price Table and sort the dates to view the data in a date order.

Change to permissioning of 3 future contracts from Nymex to Comex. This is an exchange led change.

As of 16th January 2023 Fastmarkets will change the permissioning of 3 future contracts from NYMEX to COMEX. This is an exchange led change. The following futures will be available via COMEX only within Fastmarkets products, as a result will undergo change of symbol:

Futures	Existing symbol	New symbol
US Midwest Busheling Ferrous Scrap	XN-BUS-FR1M	XC-BUS-FR1M
Hot Rolled Coil Steel	XN-HRC-FR1M	XC- HRC-FR1M
Iron Ore 62% Fe CFR China	XN-TIO-FR1M	XC- TIO-FR1M

It is important to change the symbols in any widget containing the affected symbols as per the above table.

These futures have historically been available through a NYMEX subscription and will now require access to COMEX. This includes changes to permissioning and symbols used to the display within Fastmarkets products. This change is requested by CME Group, for further information please refer to the link below:

<https://www.cmegroup.com/education/articles-and-reports/transfer-of-nymex-metal-products-to-comex.html>.

If you subscribe to live or delayed NYMEX but do not have COMEX permissions and require access to the affected futures, please contact our Client Services team or your Fastmarkets Account Manager to subscribe to the relevant exchange. If you already subscribe to live COMEX you will only need to amend symbols in your workspace.

Known issues

There are no known issues with this release.
